Bellevemedical DSCR Giveaway Day 5! (giveaway closed)

\* To enter, share this post in your story and comment something you learned about retinol! I'm at 8:30 PM to claim, your skin care regimen + treatment plan.

\* Today we're talking about the magic of retinol.

\* Retinol increases skin cell turnover to ditch the most pigmented, wrinkles, and damaged skin cells, and uncover new and fresh skin cells.

\* Everybody over the age of 30 should be using a retinol as the turnover of cells decreases after 30.

\* Now is the PERFECT time to adopt a retinol into their skincare regimen since we are inside and can manage introductory irritation that means our skin is adapting to the product.

\* This is the perfect product for anybody missing their anti-wrinkle treatments!

\* Don't forget we are offering 30% off skincare products PLUS an additional 10% off already reflected in the price. This is our biggest sale on skincare on our website only.
